PROFILE

As a student of MCA at Kumaraguru College of Technology, I have developed strong problem-solving and communication skills through my academic projects, internships, and extracurricular activities. I work well in group settings and am eager to apply what I've learned in IT to real-world challenges. I'm committed to learning continuously and improving my skills to contribute effectively to any organization I join.

EXPERIENCE

Internship

Southern Railways

08/2024 11/2024 Coimbatore, India

- Completed a volunteer internship at Southern Railways, Coimbatore, under the Internet Society India Chennai Chapter, including a 5-day ISOC networking bootcamp. Gained hands-on experience in computer network design and deployment, router and switch configuration, VLANs, DHCP, NAT, and network troubleshooting using Cisco Packet Tracer and MikroTik routers

TRAINING / COURSES

Gender Abuse Awareness Training

PSGR Krishnammal College for Women, Centre for Women Studies, Covai

PROJECTS

Student and Faculty Clearance for School

09/2023 10/2023

- Developed a SQL-based system to manage student and faculty information, streamline clearance processes, and 100% reduce manual labor for educational institutions.

Instinctive Canopy Mechanism

11/2023 03/2024

- Engineered an intelligent monitoring system that tracks real-time weather conditions and adjusts greenhouse roofing accordingly; the system is currently deployed on over 15 farms, enhancing operational efficiency. The successful outcome of this project is that it benefits 100% of the farmers.

Designing and Deploying Computer Networks

08/2024 02/2025

- Final year individual project — designed and implemented single and multi-subnet network topologies using Cisco Packet Tracer. Configured DHCP server for automatic IP allocation, implemented VLAN segmentation and Inter-VLAN routing, and performed end-to-end network testing and troubleshooting to ensure full connectivity.

SKILLS

Technical Skills

- Data Structure with Java
- Python
- DBMS [SQL (Beginner)]
- Android Studio [Beginner]
- Networking [Cisco Packet Tracer]
- IoT Basics

Soft Skills

- Problem Solving
- Dedicated
- Team Work
- Leadership Ability
- Time Management

ACHIEVEMENTS AND CERTIFICATIONS

- ISOC Member
- Mobile App Development [ICT Academy].
- Proficiency Holder - Allied [Mathematics] in B Sc IT
- Presented 5+ Papers [includes paper presented in Nation and Internation Conferences]
- Participated in IEEE Hackathon

EDUCATION

PSGR Krishnammal College for Women

08/2022 04/2025

B.Sc. Information Technology [CGPA-8.59]

Sri Krishna Matriculation Higher Secondary School

06/2019 06/2020

HSC [Percentage-83%]

06/2019 06/2020

SSLC [Percentage-95%]
